**Friends of Brooklyn  
Protecting Natural Resources**

Dan Wallace has had the benefit of working with several agencies and private landowners on over 180 prescribed burns, over the past 20 years. He has had roles ranging from wildfire mop-up to burn leader, mentor and class instructor. Formally trained in Physics and Education, he has applied those principles to prescribed fire and fire training. As a strong advocate for native landscape restoration with natural processes Dan also is an active "weed warrior" and serves of the boards of the Wisconsin Prescribed Fire Council, The Friends of the Brooklyn State Wildlife Area and the Friends of Sylvania.
